This appendix is a supplement to the Operating Manual BL068 (GEDA® MINI 60 S/MAXI 120 S/MAXI 150 S). Only the deviating technical data are described.

1 Technical data

1.1 GEDA MAXI 120 S

Electrical connected loads

Mains voltage	100 V/50 Hz / 1 Ph+N+PE
Power	
1st speed	0.5 kW at 1120 rpm/
2nd speed	1.5 kW at 3360 rpm
Current consumption (I _N)	6.7 A/15.2 A
Duty cycle	S3 (60%)
Protection rating	IP 44

Load capacity	max. 120 kg
----------------------	-------------

Lifting speed

1st speed (smooth starting/stopping)	max. 12 m/min
2nd speed (travel)	max. 35 m/min

Lifting height	25 m/40 m
-----------------------	-----------

Weight

with 51 m rope	60 kg
with 81 m rope	65 kg

Packaging dimensions (length x width x height)

0.63 m x 0.63 m x 0.65 m
